Subject: One more change in final asbestos report
Attachments: track changeSACC Asbestos Final Report 08162020.docx

Hello Ken,

I checked the final report one more time and found out you have added a sentence on pg 73 that one committee member (Henry Anderson) complained that brake lining worker and gasket replacement are 2 different workforce and should be evaluated as 2 separate COUs. But in the DRE, they are evaluated as 2 separated COUs. We talked about it yesterday, and that there should be no changes. I looked at the report again today, and realized you have added the sentences to reflect Henry Anderson's comments. The sentences should be deleted, as shown in the track change version attached. Thanks.

Diana
